ARC®

modular sign system

ARC is designed for easy, in-house maintenance. ARC is a paper-based modular signage system with a curved profile. It accommodates standard paper sizes for efficient in-house maintenance. Utilizing a frame and inserts, the aesthetic and functional options desired are blended seamlessly to create a sign solution that stands out.
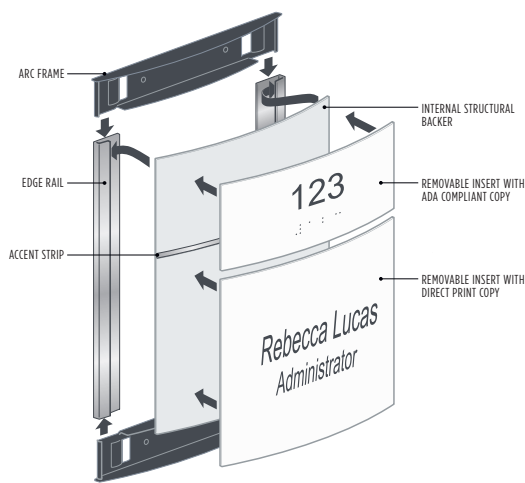

The versatile Arc sign offers both horizontal and vertical orientations. Graphic inserts are secured by edge rails, ensuring they align with the arc's direction.

//ARC®

PAPER-FRIENDLY SIGN SOLUTION DESIGNED FOR QUICK, EASY IN-HOUSE CHANGES.

Discover the versatile ARC Modular Sign System, a sophisticated signage solution designed for seamless in-house updates using standard paper sizes. By utilizing 2/90's perforated paper and online templates, modifications become effortless, adapting seamlessly to evolving needs.

ARC seamlessly merges tradition with modern convenience through its user-friendly design, featuring a distinctive curved panel system with a sleek black metal frame and internal structural backer. The system's non-removable edge rails support interchangeable graphic inserts, while black accent strips add a contemporary flair to multi-insert signs. Tamper-resistant inserts, removable with a suction cup, ensure security, while insert materials like painted PETG, wood, faux aluminum, and stone laminates provide creative possibilities. Elevate your space with ARC's unique curved profile for a modern, three-dimensional aesthetic.
