

CORPORATE

GOVERNMENT CASE STUDY

Client: Judge Charles A. Pratt Justice Center Date: Dec 2023
Location: Kalamazoo, MI Value: \$300,000
Scope: Interior Wayfinding Solution and Installation
Products: Slide Modular Sign System, Custom Modular Totem Signage, and Dimensional Letters and Seals.

Challenge: The Kalamazoo courthouse sought a tamper-resistant modular sign system that complied with ADA requirements and allowed for future modifications. Additionally, the design demanded custom elements and finishes that would seamlessly integrate with the courthouse's modern aesthetic, ensuring that the signage was both functional and visually appealing.

Solution: In response to this challenge, 2/90 implemented a tamper-resistant 2/90 SLIDE modular signage system that met all safety standards and also allowed for effortless adaptability, ensuring that future updates could be implemented with ease.

To elevate the courthouse's sophisticated ambiance, a custom marble laminate finish was incorporated that harmoniously complemented the existing marble features throughout the building, enhancing the overall elegance and cohesion of the interior design without sacrificing modularity. The result was a signage solution that merged practicality with refined aesthetics, reflecting the courthouse's commitment to both accessibility and modern design.

HELPING PEOPLE FIND THEIR WAY. With more than four decades of experience planning, installing, and maintaining signage systems, 2/90 has a proven history of successfully managing turnkey signage projects. We have manufactured and installed comprehensive architectural communication solutions for many prestigious government facilities.

Our 2/90 interior architectural facility signage systems and advanced fabrication capabilities allow us to create high-quality signage to complement any environment. An extensive offering of colors, finishes, and countless options with insert configurations, graphic elements, and product enhancements, provide a sustainable, modular interior sign solution for our valued clients.
